

Brian Shipos

2405 NE 113th Street #5, Seattle, WA 98125 | 804.938.9903 | bshipos@gmail.com | www.bshipos.com

OBJECTIVE

Utilize my ability to adapt to fast changing priorities and quickly master new tasks to switch careers into the programming field as a Front-end Developer. I have a Bachelor of Science degree in Graphic Design and 14+ years working in an environment with competing deadlines and a focus on collaboration to achieve goals.

SKILLS

Javascript (...ES9)	HTML5	Python 3
React	CSS3	Adobe Creative Suite
VCS (Git)	PostgreSQL	Microsoft Office

EXPERIENCE

RECENT PROJECTS – WWW.GITHUB.COM/DEMIURGIS

- Facial Recognition Project – A responsive React App that recognizes the presence of a face in a photograph. Utilizes a REST server API with Express and Node.js. Registration and Sign-In utilizes a PostgreSQL database. API for facial recognition provided by Clarifai API. – Active page: facial-recognition-shipos.herokuapp.com
- Cat Friends Project – A responsive React App that sorts a contact list. Created with React and then refactored with Redux. – Active page: demiurgis.github.io/cat-friends/
- Background Generator – Simple app that displays a linear gradient as background. Color selectors and a random feature allows for custom backgrounds with CSS dynamic text. – Active page: demiurgis.github.io/background-generator/

STORE MANAGER | FEDEX OFFICE AND PRINT CENTER | 9/2008 – 11/2018
